

## Benefits of Supporting OKPRN

OKPRN Sponsors will:

- Increase R&D collaboration between primary care clinicians and academic institutions.
- Broaden the technological resources available to primary care practices.
- Introduce innovations in primary care systems and delivery of care.
- Reduce the isolation of rural primary care clinicians.
- Expose medical students to opportunities in primary care research.

## Opportunities to Participate

You can contribute to the success of OKPRN in several important ways:

- By encouraging your primary care doctor to join OKPRN.
- By participating in research projects when asked.
- By providing much needed financial support to maintain OKPRN's infrastructure and projects.

## Oklahoma Physicians Resource/Research Network

*An organization that supports primary care clinicians through a professional network for peer learning, sharing of resources for best practices and practice-based research.*

**Improving primary health care in Oklahoma since 1994 by developing and sharing resources and conducting practice-based research.**

## The NETWORK

The Oklahoma Physicians Resource/Research Network (OKPRN) was established in October 1994, as a collaborative project of the Oklahoma Academy of Family Physicians and the University of Oklahoma Department of Family and Preventive Medicine, Oklahoma City. Initial funding was provided by a grant from the U.S. Department of Health.

## MISSION

The mission of OKPRN is to support primary care clinicians through a professional network for peer learning, sharing of resources for best practices and practice-based research.

**Improving primary health care  
in Oklahoma since 1994  
by developing and sharing  
resources and conducting practice-  
based research.**

## RESOURCES

Resources developed and shared within the network include a website ([www.okprn.org](http://www.okprn.org)), a listserv, teleconferencing capacity, clinical and administrative software, assistance with quality improvement initiatives and clinician or staff training.

## RESEARCH

Many of the challenges encountered by **OKPRN** members are best addressed through research. In collaboration with academic researchers, **OKPRN** members have participated in a variety of research projects. These studies are often published in peer reviewed journals and presented at regional and national meetings. Projects have been funded by the Agency for Healthcare Research and Quality, the National Cancer Institute, the Robert Wood Johnson Foundation, and other national and regional healthcare organizations.

I am interested in supporting the work of OKPRN!

My donation is enclosed.

I choose to donate online at [www.okprn.org](http://www.okprn.org).
